

The image is a cover for an annual report. It features a central green semi-transparent rectangle with a dark brown rounded square at the top containing the text 'school garden project OF LANE COUNTY'. Below this, the words 'ANNUAL REPORT' are written in large white letters. At the bottom, the dates 'SEPTEMBER 1, 22 TO AUGUST 31ST 23' are printed in white. The background is a lush garden with various plants, including leafy greens, purple flowers, and sunflowers, with a brick wall and trellis visible in the distance.

OF LANE COUNTY

ANNUAL REPORT

SEPTEMBER 1, 22 TO AUGUST 31ST 23

FROM OUR EXECUTIVE DIRECTOR

As the the end of the year unfolds, we find ourselves reflecting on the incredible journey traveled during the 2022/23 school year. In Lane County, over 1,800 children and community members received garden education and hands-on learning opportunities. We are excited to share the remarkable strides we've taken toward bringing garden education to all children in Lane County. With your support, we've been able to reestablish and continue to grow our school partnerships and community connections. We invite you to join us once again in making a profound difference in the lives we touch.

BOARD OF DIRECTORS

Erika Hauptman, President

Ken Evans, Vice President

David Goeres, Treasurer

Kevin Riley, Secretary

Zelene Flores

Ken Brown

August Klingman

OUR MISSION

School Garden Project strives to help Lane County schools develop onsite vegetable gardens where we teach children science in the garden and the basics of growing food, using the garden as an outdoor laboratory. We also provide material and curriculum resources; professional development for educators; volunteer recruiting and training; and maintenance support to sustain and expand educational gardens throughout our region and beyond. We are committed to a future in which children become knowledgeable healthy adults who understand the basics of growing food, can apply science principles to garden ecosystems, steward the natural world, eat fruits and vegetables, and contribute to a thriving community.

STORY HIGHLIGHT

SGP partnered with MIUSA (Mobility International USA) this summer. MIUSA's mission is to "empower people with disabilities around the world to achieve their human rights through international exchange and international development." SGP was thrilled to host 20 high school students from all over the world, for a work party at Clear Lake Elementary. One student from Poland commented on how important the work that they were doing in the garden was. He stated, "..something that you do now can have an effect on the future and shows how important caring is."

OUR IMPACT

CHILDREN SERVED

1,592

students in Lane County joined SGP in the garden and received in person programming this school year!

TOMATO POTTING KITS

1,400

In the spring of 2024, School Garden Project of Lane County delivered no cost up potting tomato kits
